MARCH 2023 RED/WHITE

LETTER FROM THE OWNERS

This winter has been a gift of repose, and while watching the waning winter sky over the Gorge leading to our 23rd Spring, I am continually reminded how special this region is.

At the start of this new year, new season, and newly lengthening days the management teams had their first planning meeting of the year. We truly admire this group of creative, energetic, and passionate team members and always love getting together to brainstorm new ideas for events and food. Be sure to check out our menu specials and added food items throughout the year and keep an eye on your emails for fun events and gatherings coming up.

With all four locations up and running at full speed, we want to remind you we are here for all sorts of your events and a reminder that club member benefits entitle you to discounts on most of our facilities (Vancouver currently does not host private events). So, for that family get together, rehearsal dinner, corporate event or bachelor/bachelorette party we can help make it a fun and memorable experience.

Maryhill Winery has been honored with an outstanding array of awards recently which you will see in detail in this newsletter. We are ever grateful to the winemaking team here for making our jobs so easy and to our hospitality team for making visiting one of our tasting rooms such a warm and welcoming experience. We hold out great expectations for this year to come and look forward to seeing you in one or all of our locations.

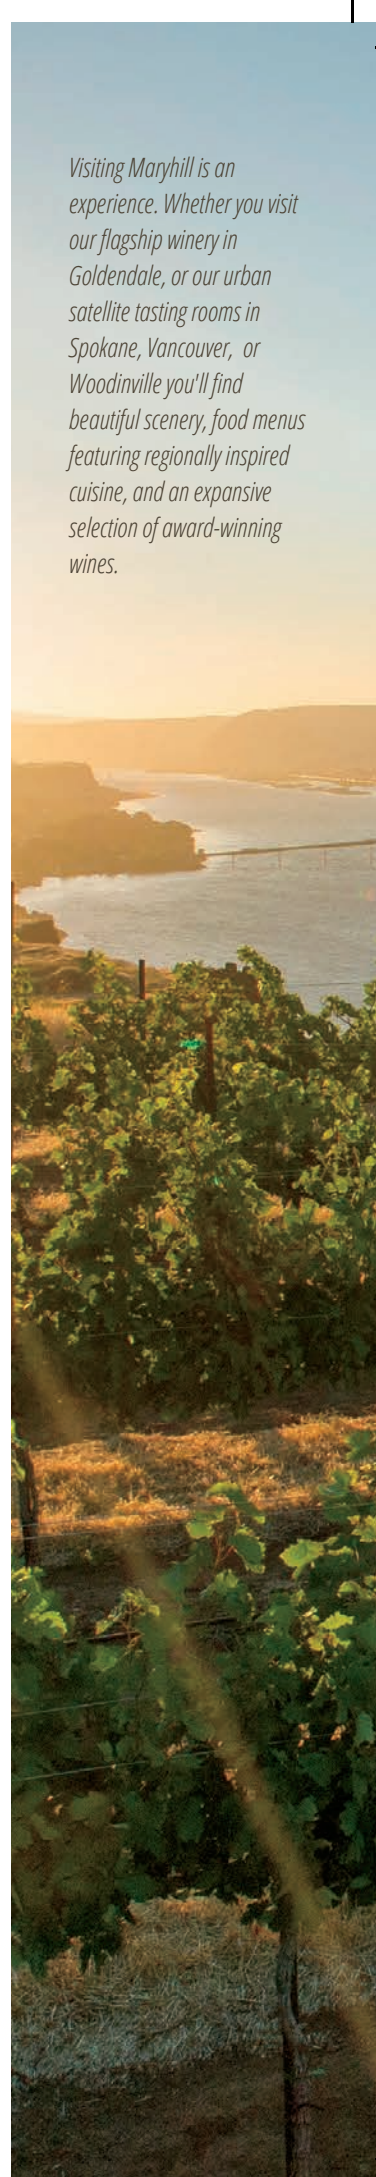

Cheers and thank you for allowing Maryhill to grace your table!

GRENACHE (gren-nash)

Grenache (aka Garnacha) produces rich, flavorful red wines and deep, ruby-tinted rosé. The French have championed this grape in the Southern Rhône Valley but it's original home is Spain!

PRIMARY FLAVORS: Strawberry, grilled plum, leather, dried herbs & blood orange

FOOD PAIRING: The high intensity flavors of Grenache match well with roasted meats and vegetables spiced with Asian 5-spice and cumin.

GRENACHE, PROPRIETOR'S RESERVE - WINEMAKER'S TASTING NOTES

Strawberries, cherries, and rhubarb with a hint of cardamom. Toasty oak on the palate with a hint of marshmallow and a lushness that leads to a smooth finish.

2022 HARVEST REPORT

WINEMAKER NOTES

One of the coolest starts to the growing season on record, late snow fall delayed bud break significantly. By mid-June, the weather had turned and was warming up faster than historical numbers and by mid-September throughout Washington the weather was pushing ahead. A wonderful Indian summer allowed for fruit ripening and held balanced acid levels as the fruit ripened well for the rest of the growing season.
