## THE VINTAGE

The 2018 growing season was warmer than average, with ideal weather occurring during the harvest season. The season started cool in April, and warmed up in May, advancing blooming. This advancement led to a large crop size that required extensive thinning. July and August served as warmer than average months, but the season cooled down once again in September creating ideal conditions for ripening. October temperatures were average across the Columbia Valley, with moderate days and cool nights. Warm days during harvest continued sugar accumulation while cooler nights preserved acidity. As a result, Brix levels were slightly above average in 2018, while acid levels were higher than anticipated for a warm vintage. Maryhill Winery received a total of 1,115 tons of fruit in 2018.

## THE VINEYARD

Sourced from a number of award-winning vineyards in Washington State's Columbia Valley's AVA.

## THE WINEMAKING

Throughout harvest, Winemaker Richard Batchelor worked closely with local growers and visited each vineyard to taste for maturity and ripeness to determine the precise moment to pick the fruit. Grapes were hand-harvested during the cool hours of the morning to preserve bright fruit notes and destemmed into the press, where each lot was processed on a champagne cycle. This is a slower press cycle that is extremely gentle on the fruit ensuring optimum fruit character is preserved. The wine was fermented at 50°F for thirty days to ensure the wine's fruit character was preserved to its fullest.

## TASTING NOTES

Bold aromas of lemon zest and ripe apricot that deliver grapefruit and fruity flavors. Slight lily and slate notes with fresh acidity rounding out the finish.
